Composition of the thesis/assessment committee

(see also art. 27 of the Rules and Regulations of the Board of Examiners, 2017-2018):

The thesis committee consists of three core members:

- * The chair, a full professor or associate professor of the faculty
- ** A full professor, associate or assistant professor of the faculty
- *** A full professor, associate or assistant professor or an external expert

One of the core members must be from a different field and is a full professor, associate or assistant professor of a university. There may be additional members from the ranks of researchers, PhD students and internal and external experts. The core members, appointed by the board of examiners, determine the thesis grade.

The thesis committee is proposed by the full professor or associate professor under whose responsibility the thesis work is carried out.

**** The daily supervisor should be from the scientific staff of Delft University of Technology
 (see Teaching and Examination Regulations, Appendix: Implementation Regulations, article 3.1)
